Morton's mission

To provide quality-focused, cost-effective and family-based health services with dignity and respect to all people without regard to finances, culture or lifestyle and to provide information and support to promote participation in health care decisions.

Morton opened its Bartlesville location in December 2013 and has been a member of the Washington County Wellness Initiative since opening an office in the community.

As a primary health care facility, Morton provides access and affordability to health services for the entire family. To identify what services are needed for an individual and/or his/her family, we encourage individuals to schedule an appointment with a provider/physician at Bartlesville. At that time and after an evaluation, we can provide a recommendation to what will best be for you and your family.

The hours of operation are Monday-Wednesday and Friday, 8:30 a.m. – 5:30 p.m. and on Thursday, 12 p.m. – 5:30 p.m.

To schedule an appointment, call (918) 333-1111.
